wise with waste

WE ALL NEED TO BE

We inform.

We present negative impact of bad practices.  
We communicate about good practices and ideas.

We research-out enabling thoughts.

We present enabling methods and systems.

We design and conduct campaigns to cause  
awareness about the seriousness of it all.

Be WISE WITH WASTE is a long term WYPZ Social program to influence and enable individual thinking and action towards consciously curbing avoidable wastage of all things consumed and to cause reflex alert in individuals about inappropriate disposal of wastes by the possible wise ways.

is the sign of the research initiative and is an essential collateral value for brand WYPZ
